

Ballabourneen 2005 Buckets of Hunter Semillon

This middle-aged wine is wonderful proof in the glass of just why the world raves about Hunter semillon.

The acidity mellows, the colour deepens, the primary citrus fruit flavours give way to more honeyed tones, and layers of complexity appear.

Currently this wine is displaying characters reminiscent of Rose's Lime Cordial but without the obvious sweetness!

It is still showing a significant lemony zip of youth in the finish and so will go well with any food that suits "tang" ... try it with honey soy chicken, parmesan-crusted barramundi, barbecued chicken thighs or char-grilled antipasto vegies.
